

# EXIST WEDDINGS

WEDDING VIDEOGRAPHY | FULL PRICING GUIDE

## BASELINE PACKAGE

---

The baseline package includes eight hours of coverage from one videographer as well as a digital copy of your three to four minute highlight reel.

Pricing | 2995

## ADDITIONAL SERVICES

---

### | Audio Overlay |

This includes audio sourced from speeches, letters or vows overlaid throughout your wedding film. Couples may include a note on the specific audio they would like included or leave it up to us during the creation of your film!

Pricing | 200

### | Ceremony + Speeches |

Another popular add-on of ours is our ceremony + speeches edit. This includes the full uncut clips of your ceremony + speeches to relive. We bring additional equipment to capture a static angle as well as audio equipment so you can fully experience the moment. Specifically for the ceremony, we mix in stabilized shots of the processional and recessional for the highest quality. When this add-on is paired with audio overlay the audio addition is discounted 50%.

Pricing | 300

### | Additional Coverage |

Coverage time is based hourly by the number of shooters you have assigned for your day. We are so happy to stick around when we are needed to but require each team member to be there for the same amount of time!

Pricing | 100/hr - 200/hr

## ADDITIONAL SERVICES

---

### | Second Shooter |

Having an additional videographer allows our team to not miss a single moment through the wedding day! This is especially useful if you intend on having two photographers. Often the photographers will capture getting-ready sessions from both partners simultaneously. Sometimes you may be getting ready in different locations, in which case our team can split up! Additionally, including a second videography allows us to use multiple angles from different lenses throughout the day, making the final video production more dynamic.

Pricing | 500

### | Drone Footage |

Drone footage is one of our most popular add-ons. Seeing the venue and certain moments from the drone's perspective creates a compelling addition to your wedding film. Our team is fully licensed and insured. We have no issue coordinating with venue staff if at all required. If paired with a second shooter this service is provided

for free!

Pricing | 250

### | Extended Edit |

If three to four minutes is not enough time don't worry you can always upgrade to an extended highlight reel! There is a five to six minute option as well as a seven to eight minute option.

Pricing | 5 Minute - 300 | 7 minute -400

### | One Minute Teaser |

Our teaser add-on includes a shorter edit that is perfect for posting on social media. We deliver this edit a week before the highlight film to get you excited about seeing the full video. We include some varying footage in these edits to give the full effect of a separate edit. These are some of our favorite edits to create!

Pricing | 200

### | Editors Cut |

An editor's cut is our version of raw footage from your day which means raw unedited clips including audio. We will sort through all of the footage from your day and compile it into one easy to view sequence that is roughly fifteen to twenty minutes in length. Note your editor's cut will not include the full ceremony and speeches as that is an additional service.

Pricing | 250

## FEES

---

### | Travel Fee |

Travel fees are incorporated to venues over 50 miles from our office location.  
Pricing | Variable

## DEPOSIT

---

### | Down Payment |

Our payment system requires a fifty percent non-refundable deposit to secure your date and the remaining fifty percent is due one week prior to your wedding date. You are welcome to pay this in smaller portions over time as you see fit!  
Pricing | 50%
